## **PRESS RELEASE**

Dear Ladies and Gentlemen,

We are thrilled to announce **MUTATIVE PER–SPECTIVE PAINTINGS**, an exhibition of works by Claudia Chaseling inaugurating the opening of the brand new yet still under renovation Galerie Kornfeld **PROJECTSPACE**.

For the occasion, conventional canvases are conceived along with ‘installation paintings’ that seem to extend loosely over walls and floor escaping their traditional frames. This juxtaposition disperses the gaze of the spectator into different and competing points of view.

Claudia Chaseling’s special technique of combining egg tempera paint and dry color pigments creates a transparency of the layered surfaces that enables the viewer to venture into the work, to explore unknown dimensions, reemerge, and again disappear diving below the surface.

Claudia Chaseling’s holds a Master in Visual Arts from the Universität der Künste in Berlin, her work has been exhibited worldwide including New York, Australia and extensively throughout Europe.

For personal interviews as well as for high res images, questions or further information please feel free to contact us.

Best wishes,
